

L'OSCAR

Antonello Mosca

Struttura portante in legno di abete. Morbida schiuma poliuretana ad alta resilienza realizzata con quote differenziate. Fasciato con falda di fibra acrilica che molleggia su nastri elastici.
I rivestimenti sono completamente sfoderabili.

Bearing frame of fir-wood. Upholstery in soft, high resilience polyurethan foam with different thickness and wrapped with acrylic fibre. Spring suspension on elastic belts. Covers are fully removable.
